The Detail Description of Flying Banners :

The Flying Banner is ideal for events where wind is an issue, and looks equally impressive indoors. The banner is incredibly light, weighing under 5kg, and comes alive by rotating in the wind. It makes no flapping noise and clearly displays your company's message 100% of the time.

The Flying Banner comes in three different sizes 2.15m, 3.4m, and 4.4m in height. It comes with a carry bag, and has heavy metal base for use on various ground.
